Hotels, Residences and Destinations

THE GALLERY

One creative partner for the spaces that define a destination.

WINDMILL DUSK — GALLERY DUTCH ART

Gallery Dutch Art is an art gallery based in Amsterdam, working internationally. We create distinctive art collections, visual identities and immersive experiences for luxury hospitality and landmark developments.

From a single statement artwork to the complete visual identity of a resort, we work alongside owners, developers, architects and interior studios — from first concept to installation. Private collectors can acquire original works and limited digital editions.
